## BATTLE IN THE HEAVENS.

Strange Visions Which a Kansas Church Member Swears He Saw.

In the way of seeing sights and viewing visions a Dickinson county farmer has laid claim to first prize. He has a statement that is not only unique in every respect, but is told with startling attention to detail. H. W. J. Smith, a long time resident of the county, living some eight miles from town, published in The Evangelical Visitor, the church organ of the Brethren in Christ, printed here, this week over his own signature and attested by an affidavit a story of his strange visitation. He says that in company with D. W. Blue, a neighboring farmer, a few nights ago he stepped out of the house at Andrew Thompson's, three miles from Manchester and 15 from Abilene. As they looked at the sky, which was clear, suddenly something like a large luminous ball appeared in the northeast about 80 degrees above the eastern horizon. "Is it a comet?" "Is it a meteor?" The questions were asked simultaneously. "But," says Mr. Smith, "there was no time for answer. Just then it shot westward, meteorlike, about three degrees and immediately returned on the same line to its first position. We had only time to say, 'it merits watching' when it opened with a hinge, presenting on its right a cross most beautiful, golden, corrugated and furnished. At the left of this was a living man clad in citizen's style, with a plain crown on his head. His form was symmetrical, his countenance bright and persuasive—a perfect son of man. The casket soon closed, and away it went to the eastern horizon like a meteor. There it oscillated as if for time to be emptied and refilled, returning on the same path to its original place. It opened, presenting a portly man, with sword and scabbard on his thigh, a cross on his breast and on his head a crown of many glittering jewels, like stars. He looked beautiful, but was partly hidden by an obtrusive rider on a black or dark horse. "These were hidden or overshadowed by a haggard woman in costly royal attire, who seemed to rule over both. Then these were eclipsed by the coming of a military leader with sword in right hand, elevated ready to strike, the scabbard cast away, a cross on his right breast and a square and compass on his left. On his head was a military hat, the crown blended with the man's hair. On each side of the man's head was a horn, and a cross was erect behind him. He stepped out and forth and began motion, never stopping to rest or turning his back on the enemy. He retreated eastward to within about five degrees of the horizon, then began to advance with heavy martial tread, like one tramping the wine press and wielding his sword. About 11:40 p. m. as we stood watching the phenomenon, blood was seen to stream forth from the casket and spread far and wide, apparently 200 miles in extent. Mr. Blue, who is a veteran of the war, said it was like the blood of the battlefield, only a deeper red. The warrior seemed at times to be in blood to his knees and above. "At 12:10 I retired, but Mr. Blue remained watching until 2 a. m. and says the warrior was not put away the sky and was joined by another, who advanced to meet him from the east. The casket vanished after this warrior stepped out. Myself and Mr. Blue saw the first and second scenes. Others saw part of the second. Mr. Thompson and Mr. Blue saw all the second. "Mr. Smith adds to his statement, 'morally sworn,' as he says, as follows: 'I hereby certify the above to be given as I saw it, as soon as I can. Others may have seen more or less points. "The Visitor, usually very conservative on such matters, calls attention to the description editorially.—Abilene Cor St. Louis Globe-Democrat.

## A BABY WITHOUT EYES.

It Has Two More Fingers, However, Than Are Generally Given to Little Girls.

A wonderful bit of humanity has taken up its abode at 154 Orchard street. This little girl baby was born on Saturday without eyes or optic nerve.

As if this unfortunate condition of affairs was not enough, the baby is afflicted with more fingers than is usually given to mankind. Even the little finger of each hand is an extra finger of perfect shape and size, and excepting that it points in an opposite direction to the other fingers is apparently formed to remain for a lifetime.

In all other respects the little girl is healthy, weighs eight pounds and is as pretty and well behaved a child as could be found anywhere.

Its parents, Mr. and Mrs. Jada Grossman, live on the third floor at 154 Orchard street. This is the eighth year of their married life, and during that time three children have been born, who have all died.

The eyeless infant was examined in the Post Graduate Medical hospital yesterday by Drs. F. F. Revling and Charles A. Tama before a class of 60 students. It was conclusively proved that the child has no sight whatever, the cause being the arrest of development before birth. Dr. Lander, who is attending the child, has been searching old medical manuscripts for records of similar cases, but the only success he has met with was the finding of a mere mention in an old French natural history by Bruneau of a case where a male child was born without eyes.—New York Herald.

## Bad Habits of Sleeping.

Persons can easily get into bad habits of sleeping just as well as eating or drinking. When the healthy body has had its required amount of sleep, it announces the fact by causing the sleeper to awake, and if from habit or desire more sleep is taken at that time it is an excess, just the same as overeating the stomach is an excess in eating. Inasmuch as sleeplessness can very often be traced to impairment of the digestive organs.—New York Dispatch.

SILVER PARTY

STATE CONVENTION

HEADQUARTERS OF THE STATE CENTRAL COMMITTEE OF THE SILVER PARTY, RENO, NEVADA, June 15, 1894.

At a meeting of the State Central Committee of the Silver Party of Nevada, held in Reno, May 23d, 1894, it was ordered that a

STATE CONVENTION OF THE SILVER PARTY

—BE HELD—

CARSON CITY

—ON—

TUESDAY, SEPTEMBER 4, 1894

AT 11 A. M.

For the purpose of nominating a full State ticket, to be voted for at the next General Election, viz:

Member of Congress,

Governor,

Lieutenant Governor,

Judge of the Supreme Court,

Clerk of the Supreme Court,

Two years ago, when 63 per cent. of the voters of Nevada repudiated the Wall Street twins, the Virginia City Enterprise died of goldbugism. The paper was owned by D. O. Mills, who made millions on this Coast and then went to New York, where he became one of the most pronounced gold men on Wall Street. Thirsting for revenge, because the people of Nevada did not give the Electoral vote of the State to his son-in-law, Whitelaw Reid, he conceived the idea of resuscitating the Enterprise, and sent a flunkie, who has as little regard for truth as he has knowledge of the conditions which exist in Nevada, to edit it. The remnants of the grave were removed from the paper. It was thinly silver plated, and it announced upon its resurrection that it was to be published in the interests of the State and would advocate the cause of silver. This was to delude the unsophisticated, as the paying wore off in a few weeks and disclosed a Wall Street goldbug. Now it has acquired the unenviable reputation of being the most slanderous publication west of the Rocky Mountains. It deals almost exclusively in falsehoods, and misrepresents the Journal, as it does its other contemporaries which do not bow before the golden idol of Wall Street. It says, among other things, that this paper urged "those recently fighting the railroads to deeds of desperation." No greater falsehood has ever uttered or published by a secondhand. The Journal always has and always will be, under its present management, an advocate of fair play. It opposes class legislation and believes in administering the laws impartially. It does not apologize for the opinions which it expressed during the strike. It does not fear the railroad nor the Wall Street band. Nor does it, like the advocates of the Yerlinton-Fulton Anti-Railroad Combination, of which the Enterprise is one of the end men, pretend to be what it is not.

## IN FAVOR OF FREE COINAGE.

The labor organizations of the country which met in general conventions during the last year adopted resolutions in favor of the free coinage of silver at the ratio of 16 to 1. Copies of these resolutions have been sent by the various organizations to Congress and were presented in the House last Monday by Representative Hartman of Montana. The resolutions recite the facts that business has been depressed and industry paralyzed since the adoption of the gold standard, and that the restoration of silver to its old standard is absolutely necessary to make the country prosperous.

It is not probable that the presentation of the resolutions will have any effect on the Wall Street twins in Congress. They are accustomed to resolutions and platforms from the west in favor of free coinage and know by experience that they have no significance so long as the voters are divided as to elect Republicans or Democrats, as they control both parties.

To insure the passage of a free coinage bill the people who are in favor of it should vote for men who do not identify with either of the old parties. A Republican claiming to be a silver man and standing on a free coinage platform was elected to Congress by the people of Nevada. One of the first acts of this Free Coinage Republican was to vote for a pronounced goldbug for Speaker of the House. The result was the appointment of a Coinage Committee opposed to the recoinstitution of silver and all free coinage bills introduced in the House were pigeonholed by that committee and never reported back to Congress.

We do not want to repeat that mistake. Let the people elect men who have severed all connection with the Wall Street twins and who will not vote for goldbugs for any position, in or out of Congress.

## THE INCOME TAX.

The Income tax law passed by the present Congress will go into effect next January. The first payment will be due before the 1st day of July 1895. The amount of the tax is 2 per cent on all incomes over \$4,000 a year. The Secretary of the Treasury estimates that the tax will produce \$15,000,000 during the present fiscal year. It is one of the most equitable systems of taxation yet devised for the support of the Government. Only those persons who can afford to pay are required to pay, a person with an income of \$4,000 or less is exempt from taxation, while those whose incomes exceed that amount are required to pay 2 per cent per annum on the excess. A man with \$5,000 income for instance pays \$25 a year for the support of the Government. That surely cannot be considered unjust to those who have such incomes; yet a determined effort was made by several members of Congress to defeat the bill.

Congressman Caminetti has been unanimously renominated for Representative in the Second Congressional District of California. He is the author of the act which enables the miners to resume work under certain restrictions.

Lieutenant-Governor Poujade is a candidate for Congress on the Yerlinton-Fulton Anti-Railroad Combination ticket, and Judge Murphy desires to be the nominee for Supreme Judge on the same ticket.

## CALIFORNIA DEMOCRATS.

Budd and Murphy the Prominent Candidates for Governor—Two Reports from the Committee on Credentials.

SAN FRANCISCO, August 22.—Chairman Del Valle did not call the Democratic State Convention to order until 10:30 this morning. The discontent with the Baldwin Theater as a meeting place broke out in the convention again. Two reports were presented from the committee appointed yesterday, the majority favoring retaining the present meeting place and the minority advising moving to one of the three other halls. A lively row between Chairman Del Valle and Frank H. Gould of San Joaquin occurred. Gould asked the meaning of the reports, and Del Valle replied that the Chairman had no more intelligence than those on the floor. The San Joaquin delegation sits under the gallery, and Gould rose and in wildly denunciatory tones shouted that the delegates under the gallery could not hear the reading of the reports and that the Chairman's reply was unfair and insulting. At this the convention arose as one man and Gould was howled down. Several delegates in the rear of the hall attempted to speak, but Del Valle peremptorily pointed to each with his gavel, saying: "Sit down, sir, and you, and you." Then he apologized to Gould.

Jackson of San Francisco, Chairman of the Committee, fought hard for removal, and aroused the ire of the galleries by referring to them as the riff-raff of the city. Jackson was repeatedly called to order. He got the whole convention in a tumult by insinuations against the Chairman of the State Central Committee and others. Finally both reports of the Hall Committee were laid on the table and the convention will continue to meet at the Baldwin Theatre.

Majority and minority reports of the Committee on Credentials were presented. The latter was signed only by Chairman Mordecai. The majority recommended the seating of the reorganized delegation from Sacramento. The minority recommended the seating of both the reorganized and old liars giving a one-half vote to each. The majority report was carried by a large majority. The Sacramento delegates then took seats on the platform, there being no room on the floor.

Considerable wrangling was developed over the motion of Garrett McInerney of San Francisco to refer all motions to the committee on resolutions without debate. It was finally carried. The convention then adjourned till 10 o'clock to-morrow morning.

There appears to be little change this afternoon in the contest for the gubernatorial nomination. The fight is still between Murphy and Budd, though the name of Congressman Maguire continues to be kept before the delegates. Murphy's friends are claiming 300 votes on the first ballot, and Budd still claims 300 votes. There is no doubt, however, that both overestimate their strength.

The Committee on Permanent Organization and Order of Business met this afternoon and voted to confirm the temporary officers of the convention as permanent. R. F. Del Valle of Los Angeles, Chairman and Charles F. Montgomery of Contra Costa and Robert J. O'Reilly of San Francisco as Permanent Secretaries.

It was plain that the Budd forces had captured the committee when the order of business was adopted providing for the nomination of Justices of the Supreme Court before that of Governor. This was the result of a combination between the friends of Judge James E. Murphy of Del Norte, who has the solid support of the northern counties for the Supreme Justice nomination with the Budd men.

After that order had been adopted the Barney Murphy men, who are in the minority on the committee, suddenly woke up and moved an amendment giving the gubernatorial nomination the preference in the order of business. The chair ruled that the matter had already been disposed of and the Murphy men were out-generaled. They will make a strong fight against this order when the report is presented to the convention to-morrow morning.

The Committee will recommend the following order of business for the convention: Report of Committee on Platform and Resolutions, nominations of two Justices of Supreme Court, for long term. Then the nominations for State officers in the following order: Governor, Lieutenant Governor, Secretary of State, Attorney General, Treasurer, Controller, Surveyor General, Superintendent of Public Instruction, Clerk of Supreme Court, State Printer, then the ratification of the nominees for the Board of Equalization, Railroad Commissioners and Con-

gress as named by their several districts, selection of State Central Committee.

The Fight for the Supreme Justice nomination has been changed by the withdrawal of Judge Bridgeford of Colusa and Judge J. K. Law of Merced from the fight for long term. Each is now a candidate for short term. It seems probable that the nominees will be Judge James E. Murphy of Del Norte and Judge Jackson Temple of Santa Rosa for long term, and Judge Law for short term.

Barney Murphy has not been holding his forces well in hand this evening. He seems to have lost strength, while Budd has made some gains, but not so many in proportion as Maguire. Gavin McNab of San Francisco received a telegram from Maguire this evening requesting him to place the absent Congressman in nomination on the first ballot. Maguire's friends say he will receive enough accessions from delegations not absolutely pledged to any one for his nomination.

The Fourth Equalization District has nominated F. M. Nickell of Los Angeles over Wm. J. Hutchings of Fresno.

The Committee on Platform is making slow progress. It has been decided in the opening plank to recommend the unqualified indorsement of Cleveland's Administration.

M. F. Tarpey of Alameda will present resolutions denouncing the Administration, but it is doubtful if they will be read in the convention.

There will be a strong anti-railroad plank. Several members of the committee stated that the resolution would be no half way measure, but would denounce the corporation in politics and condemn the Reilly funding bill.

At midnight the committee was debating the framing of a silver plank. There is a disposition on the part of a majority of the committee to come out flat for silver, except for fear that it would be construed as a reflection on Cleveland's attitude and on the Administration.

## NEBRASKA REPUBLICANS.

A Corporation Candidate for Governor—The Anti-Monopoly Faction will Fight Him.

OMAHA, August 22.—The largest Republican State Convention in the history of Nebraska met to-day. Lieutenant Governor Thomas B. Majors of Peru was nominated for Governor on the first formal ballot. At the close of the morning session Edward Rosewater sent a scathing letter to the Chairman of the Convention, resigning as a member of the Republican National Committee. This means that Rosewater's paper, the Omaha Bee, and the anti-monopoly element of the party will fight Majors.

The Republican State convention nominated Thomas M. Majors for Governor. Editor Rosewater of the Omaha Bee created a sensation by denouncing Majors as corrupt and a tool of the railroads, and by resigning from the State Central Committee. The platform says: "While favoring bimetallism and demanding the use of both gold and silver as standard money, the convention insists that a parity of value of the two metals be maintained so that every dollar, paper or coined, shall be as good as any other."

## A Methodist Divine Cleared of Charges.

SAN FRANCISCO, August 22.—Rev. A. C. Hirst, President of the University of the Pacific and pastor of the Memorial M. E. Church in this city, has been cleared by an ecclesiastical court of judges, of gross immorality preferred against him by S. Rogers. The verdict of the court is as follows:

"We, the committee of investigation, to whom was submitted accusations against the moral character of Rev. A. C. Hirst by one S. Rogers, find them maliciously false. After a most careful examination of the testimony it is our judgment that the charges have their origin in a wicked conspiracy to defame the character of the accused and there is no evidence in the case that even remotely compromises or reflects on Dr. Hirst as a Christian gentleman or Minister of the Gospel, and he comes out of this investigation without the slightest stain."

Dr. Hirst will probably prosecute Rogers in the criminal courts for blackmail.

## Congressional Proceedings.

WASHINGTON, August 22.—There were twenty-one Senators present to-day when the Senate was called to order. The Deficiency bill was received from the House, and having been signed by the Speaker, the Vice-President immediately attached his signature.

Only thirty-three Senators answered the roll-call—eleven less than a quorum. After consultation among the Democratic Senators Harris moved that the Sergeant-at-Arms be directed to request the presence of absent Senators, which was agreed to.

At 1:15 the Senate went into Executive Session.

## Markham in San Francisco.

SAN FRANCISCO, August 22.—Governor Markham arrived here to-day for a tour of inspection among the various State institutions. He found them in good order and well managed.

Governor Markham said that General Dimond's report relative to the National Guard and the recent railroad strike had been handed to him, but he would not examine it until he reached Sacramento.

## Indians on the Warpath.

EL RENO, August 22.—Klawa and Comanche Indians are threatening the cattlemen because the money due for the leases for cattle ranges has not been paid. They are destroying fences and killing cattle.

## A Walkout in Congress.

WASHINGTON, August 22.—Senator Gorman and Speaker Crisp had a conference to-day and the matter of an early adjournment was discussed. It is believed by the Democratic leaders that a business quorum cannot be any longer maintained in either House and that it would be well for an early adjournment and that it should come as soon as the tariff bill is finally settled.

## Master Workman Sovereign Condemns Monopoly.

BALTIMORE, August 22.—Master Workman Sovereign of the Knights of Labor, in a speech to workmen, said 3,000,000 men are unable to get work and are being moulded into felons and tramps. The tramp is the outcome of monopoly and unless it is throttled it will cause the death of the Republic.

## Storey for Newlands and Sharon.

VIRGINIA, Nev., August 22.—The Silver party delegates at a meeting to-night pledged themselves to vote solidly for the nomination of Francis G. Newlands for Congress and Hon. W. E. Sharon for Governor at the State convention to be held at Carson City, September 4th.

## Visalia Gladdens the Delegates.

SAN FRANCISCO, August 22.—Delegates of the Democratic State Convention and members of the press were gladdened to-day by the people of Visalia who made a presentation of 5,000 insoucious peaches.

## In Congress for Thirty Years.

SHELBYVILLE, Ind., August 22.—Congressman William H. Holman was renominated from the Fourth District to-day. At the expiration of this term, Holman will have been a member of Congress for thirty years.

## Grass Valley Miners.

GRASS VALLEY, Cal., August 22.—The miners held a meeting here to-night and decided to quit work if the proposed reduction in wages by the North Star and Empire mines is carried out.

## The Republicans of Tennessee.

NASHVILLE, August 22.—The platform adopted by the Republican convention favors bimetallism. The resolution of condemnation of secret political orders was tabled.

## Patton Nominated.

SAN FRANCISCO, August 22.—The Sixth District Convention to-night nominated George S. Patton for Congress.

## GOVERNMENT OWNERSHIP OF RAILROADS.

A month ago the San Francisco Examiner, desirous of ascertaining the opinion of the voters on the Pacific Coast on the question of foreclosing the mortgage held by the Government on the subsidized railroads, asked those who favored the Government ownership of the roads to sign a petition to Congress to that effect and send it to the Examiner's office in San Francisco to be transmitted to Washington.

The act was voluntary on the part of the voter. No agents or solicitors were sent among the people to urge them to sign the petition. Though many who favor the Government ownership of railroads have not had opportunity to sign the petition, yet, at last accounts, over 165,000 signatures had been received at the Examiner's office. Of these 138,792, comprising a majority of the voters of the State, were from various parts of California.

If the Californians back their petitions with their votes every Representative elected to Congress from the Golden State next November will favor a bill to have the Government take possession of the subsidized roads and run them for the benefit of the public. That will promote interstate commerce and prevent a general blockade in the event of a disagreement between the other transcontinental roads and their employees. It will also test the ability of the Government to run railroads in the interest of the people.

## A Gentleman

Who formerly resided in Connecticut, but who now resides in Honolulu, writes: "For 20 years past, my wife and I have used Ayer's Hair Vigor, and we attribute to it the dark hair which she and I now have, while hundreds of our acquaintances, few or a dozen years younger than we, are either gray-headed, white, or bald. When asked how our hair has retained its color and fullness, we reply: 'By the use of Ayer's Hair Vigor—nothing else.'"

"In 1868, my advanced was nearly bald, and the hair kept falling out every day. I induced my young daughter to use Ayer's Hair Vigor, and very soon, it not only checked any further loss of hair, but produced an entirely new growth, which has remained luxuriant and glossy to this day. I can recommend this preparation to all in need of a genuine hair-restorer. It is all that it is claimed to be."—Antonio Alarum, Boston, Tex.

A Bad Habit.

"It is well for a speaker to know where his peroration is going to end when he begins," said E. R. Harper of Denver.

"I heard a young lawyer make his maiden speech. It was in defense of a fellow who was about half-witted, arrested on the charge of stealing a hog, the young attorney having been appointed by the court. His defense was that his client was an idiot and unable to distinguish between right and wrong. He closed a flowing speech with a peroration like this: "Gentlemen of the jury, look at my client. That low, receding forehead, those lustrous eyes, portend that he was approved by nature of the power to distinguish right from wrong, ignorant of the distinction which exists between his own property and that of others. To him, as to the 2-year-old child, whatever he wants and can reach belongs to him. He knows no better why it does nor why it does not. But, gentlemen of the jury, such are the misfortunes of this unfortunate, who, though he is, stands for a trial today by a jury of his peers." The culprit got the last part of the law."

## BREVITIES.

J. E. Shoebart passed west on last night's train.

Mrs. H. L. Field and her daughter left for California last evening.

A slight shock of earthquake was felt in Carson yesterday afternoon.

Albert Ross left for San Francisco yesterday with three carloads of cattle.

H. M. Yergering arrived on the V. & T. and left for San Francisco last night.

Dr. and Madame Leuk have returned from Lake Tahoe where they spent several weeks.

For the debilitating effect of August weather nothing is so good as Ayer's Sarsaparilla.

Lemp's St. Louis bottled beer is the best. When calling for beer ask the keeper for Lemp's.

It is conceded that penmanship should be taught by a specialist. See Prof. Bernard's ad.

W. H. Lowell of Fort Bidwell arrived on the N.-C.O. last evening and departed on the west bound train.

George Schaeffer came down from Truckee yesterday to spend a few days looking after his alfalfa fields.

"Her hair always looks so perfectly lovely." Why? Because she uses Ayer's Hair Vigor. That's the secret of its lustre.

Silver has advanced within a week from 62 to 63½ cents an ounce. The Chinese demand for the metal is said to be the cause.

The largest assortment of heating stoves, parlor stoves, cook stoves and ranges, crockery and lamps at panic prices at Lange & Schmidt's.

Dr. Rulison, dentist, and Dr. Fee, a regular M. D., returned yesterday from Mapes' ranch, north of Amodeo, where they had been rusticating for a week.

No one in ordinary health need become bald or grey, if he will follow sensible treatment. We advise cleanliness of the scalp and the use of Hall's Hair Renewer.

O. D. Van Duzer arrived here last evening from Washington, where he has faithfully performed the duties of Land Agent of the State. He looks decidedly citified.

Miss Katherine VanHarlingen, who has graduated from a medical college and is a regular M. D., has arrived in Reno with the intention of practicing her profession here.

Rev. W. B. Pope has returned from Lake Tahoe. He reports having caught 63 mountain trout in a stream near Incline one day, and ministers do not tell fishermen's stories.

Mrs. B. F. Currier, wife of District Attorney Currier, who has been ailing for two days past, was suddenly taken worse yesterday, and for some time was in a critical condition. Last evening she was considerably better. The doctors pronounced her ailment congestion of the heart.

## VERDI NOTES.

Hives of Industry and Sights Worth Seeing.

Jim Foxwell is at the old stand and seems contented.

There are over 150 men employed in and around Verdi.

Eli Lachapelle and F. Goyette keep a first-class house at Verdi and are doing a nice business.

There are sixty-three voters already registered at Verdi, and it is expected the number will reach 150.

The steam wagon arrives nearly every day from the Lewis mill with a full train of wagons loaded with lumber.

There are a number of pretty and cozy little homes in Verdi, which gives the town a prosperous and substantial appearance.

Forty-five men are employed at the Verdi factory, about twenty at the marble works and forty at Foulks & Powning's mill.

O. Lonkey's store presents a busy appearance. Billy Cobb and (Colonel) Kansas Courts are continually on the jump putting up goods for the wood camps and surrounding country.

The Verdi people are quick traders. A man arrived there yesterday from Stockton, Cal., with a buck-board and horse and sold the outfit for \$15 before he had been in town five minutes.

Political matters are quiet at Verdi. Those best posted think the People's party will show a decided gain there this year. Two years ago the majority was large and it will be greater this year.

## THE VERDI MILL COMPANY.

This company has fifty men and boys on the pay-roll. At this season of the year the force is kept busy in manufacturing boxes for fruit shipment, and about 8,000 boxes are turned out each day. In addition to this the company manufactures doors, sash mouldings, brackets and other building materials. The mill runs eleven hours a day and every man in it is busy during this time. The shipments reach from Denver, in the East, to San Francisco, Los Angeles and San Diego, taking in all the fruit valleys of California.

The mill is very nicely located and the machinery is all run by water power, and being practically a new mill has the latest improved devices. When a rush of business is on hand a night force is put on, the mill being lighted by electric lights and the work proceeds as well at night as by day. It is worth one's while to visit the manufactory, as there are many things of interest to see. It is only a short distance from the mill to Marmol, where the

## MARBLE WORKS.

Are located Here, from fifteen to twenty men are at work and the peculiar machinery and methods of turning, cutting and polishing the big columns, slabs and tiles of marble is very interesting. Mr. C. B. Derby, the manager, explains the *modus operandi* of the work from the arrival of the ponderous block of marble at the works until it is finally turned out in finished columns, slabs or other beautiful designs. A column of fancy marble has just been completed for the Hobart building at San Francisco. It is of the mottled Lupo marble, seven and one-half feet long and one foot two inches in diameter. Work is being turned out for a large building at Stockton and two at San Francisco. Over \$60,000 worth of work has been done in less than a year, and the contracts often reach figures like \$20,000 and \$30,000. The plant is one of the best west of Chicago, and for beauty and perfection the Lupo marble cannot be excelled, and the fine work turned out by the Marmol works is gaining a widespread reputation.

## Farm Philosophy.

Theory is not equal to corn as a hog-fattener.

Ticking the earth causes the fields to laugh with crops.

When the playman counts the clouds he neglects the corn.

The man with a grievance is often a grievance to his friends.

The effect of a mules kick does not depend upon the soundness of his brain.

Don't scold the cook about the victuals for which you have thanked god.

It is hard for some church people to learn that shouting will not pay debts.

It is impossible to cultivate a good disposition in a horse by swearing at him.

The still-house worm destroys more corn than all the cut-worms put together.

Many men, if they possessed a "title clear to a mansion in the skies," would mortgage it.

Stealing a horse is not a much greater sin than working one hard on starvation rations.

It looks to me like an attempted swindle to try to get plenty of milk from a poorly fed cow.

If the weather would go out of business the corner loafer would go out of business too, from lack of an excuse.

*Agriculturist.*

## To the People of Reno.

I have lived in your midst for twenty-three years. No person can say I have knowingly misrepresented facts, neither do I misrepresent regarding Viavi. Husband and fathers would have happier homes if the mothers and daughters were well. Come and make inquiry. I can show you hundreds of personal letters from those who have been cured, and my own renewed health will prove it also.

## A COWBOY'S EDUCATION.

Too Rough and Exciting to Suit the Youth From Boston.

He was a cultured Bostonian, so he said, but with his long, fair, curly hair and self-evident verandey he was mistaken by some for a dude and by others for Will Wright's fine cousin. He had come all the way from Boston to be a wild and woolly cowboy like you read about, but an eyeglass was the only lacking essential to constitute either a dude or Willis.

"You see, I've been reading up on your cowboy race for the past year," he said, "and I know just what to do. I want to be a cowboy and am going right out on the range. I like this country, and it will be many a long day before Boston sees me again."

Three weeks or a month ago Mr. Little of Boston thus announced himself in the Hotel Chadron. The boys sized him up at once and caught on, and Conductor Davis took him in charge. Davis is an old cow-puncher himself and took a friendly interest in the bean-eater. He helped him buy his outfit at Good's. First there was a big cowboy hat, Good sold him the big leather band around it and threw it in the hat, and high-heeled boots, overalls, a canvas coat and a slicker. The hat and slicker was his first intention, but old-time punchers advised the rest. Then a \$75 horse was suggested, but Little knew better than that. "Oh, I'm posted and know exactly what I want, and I won't pay over \$25 for a horse. You can't fool me."

Our genial liveryman, Smith was visited and exhibited "Rattlesnake Pete," the horse that won the cowboy race, and after much fagging his famous steed was bought for \$20. And then a saddle. But no! Little had a jockey saddle about the size of a pancake that he had bought in Chicago. They told him that was just what the cowboys all used, and he had it in his valise at the hotel. He also had a 22 gun. For three days the streets of Chadron were paraded by a long-haired, white-haired, slicker-covered youth, who then left for the "range" to seek employment from some of the numerous ranchers just beyond the city limits.

He came back three or four days ago, but he had to identify himself. His head was nearly smooth shaven; big dilapidated brogans covered his feet; tattered overalls and a dirty old slouch hat were almost the only other articles of attire. To the sympathetic Davis he told his sorrows. He rode the range to somewhere described as thirty miles from a railroad. His horse played out and he sold him for \$10. Then some cowboys at a ranch took him in and initiated him into some eighteen degrees of the cowboy mysteries, but when he tried to pick up his bat from the ground while riding at full speed he was too heavy and pulled the horse over on him. And they kept him pounding over the range on hard-riding horses until he was so lame and stiff that he could barely move. They got him up nearly every night to help roundup some unruly cattle, and his horse would get away from him in the dark and leave him to walk back to the ranch through several miles of hills and gulches, under the guidance of some friendly cowboy on horseback. He finally traded his clothes, or what he then had on, provided they would drive him to the railroad, thirty miles away. He had never been used to anything harder than a soft-ensured car seat, so he specified driving in this last contract, and as soon as he could get to a telegraph station he sent to his mother in Boston for money to get home on.

"I don't like this country. Boston is good enough for me," said Little as he took the train for home. He will have a great tale to tell, and so have the sympathetic friends who made his acquaintance. It's very entertaining, but too long to publish in full.—Chadron Citizen.

## How to Control a Sneeze.

Sneezing may be averted by pressing firmly upon the upper lip with the fingers. The "why" of this is, by so doing we deaden the impression made on a certain branch of the "fifth nerve," sneezing being a reflex action excited by some slight impression made upon that nerve. Proof of this is seen in the fact that sneezing never takes place when the nerve mentioned is paralyzed, even though the sense of smell be fully retained.

## Will Lecture in Reno.

President Jordan of the Stanford University will lecture in Library Hall in Thompson Block one week from this evening for the benefit of the Free Reading Room and Library. Subject, "Man's Place in Nature."

Dr. Jordan has a national reputation both as a scientist and an educator, and our citizens are to be congratulated upon having this opportunity of hearing him and at the same time giving a worthy home institution a benefit.

Ob, give me teeth sound, white and neat.

Ob, give me breath that's pure and sweet.

Ob, give me rosy, healthful gums, and I will meet whatever comes.

Whatever trouble may befall, With Sotodent I'll meet them all.

Messrs. Rea & Marra, next to the Pawning building, have just received a large consignment of fine wines in casks. The varieties are white wine, claret, sherry, port and also some fine grape brandy. They are prepared to sell to dealers or families in any quantity. They will deliver to any part of town, and their prices are reasonable.

Mr. Bartine, from behind the crinoline of the lady who conducts the Carson *News*, shouts at the JOURNAL that the Legislature passed a resolution requesting our Senators and Representatives to advocate the passage of an act providing for the adjustment and refunding of the indebtedness of the Pacific railroads. Does this imply that the *News* is opposed to making the roads pay what they owe the Government?

Victims From Reno

The Misses Annie, Gertrude and Clara Martin, daughters of Mr. and Mrs. W. O. H. Martin of Reno, are visiting with Mr. and Mrs. Haugh, D. B. Lyman and children, at the home of the latter. The young ladies made an underground trip yesterday in company with Miss Godfrey of this city. The party went down through the C. & C. shaft to the Suto tunnel connection and through the slopes of the Con Virginia below the 1660 level. The Misses Martin leave for their home by this evening's train.

Seven U. S. Prisoners.

Judge Hawley this morning passed sentence on the following named prisoners, convicted for selling whisky to Indians: Chas. Hartman, Lew Hun, Ah Jun and Ah Gee, eight months each; John Johnson, four months; Joseph Eldridge and Ah There, one month each.—Tribune.

# BALD HEADS!

What is the condition of yours? Is your hair dry,  
harsh, brittle? Does it split at the ends? Has it a  
lifeless appearance? Does it fall out when combed or  
brushed? Is it full of dandruff? Does your scalp itch?  
Is it dry or in a heated condition? If these are some of  
your symptoms be warned in time or you will become bald.

## Skookum Root Hair Grower

is what you need. Its production is not an accident, but the result of scientific  
research. Knowledge of the diseases of the hair and scalp led to the discovery  
of Skookum Root Hair Grower. It is a powerful, yet gentle, hair restorer. It  
not only cures itching, dandruff, and other scalp troubles, but it also  
restores the hair to its natural condition. It is a powerful, yet gentle, hair restorer.
